

Job Description

Job Title: FE Teacher

Reporting To: Lead Tutor

Location: Blackpool

Job Overview

Beaumont College supports special school leavers including those with Profound and Multiple Learning Difficulties/Disabilities.

Some of our students have excellent language skills, while others may communicate in different ways. All have learning difficulties. For individuals in this group of students, they may have developed strategies for communication over their lives that aren't as helpful or easy to understand as they reach adulthood. Working as part of a multidisciplinary team, our ethos and culture is to support our young people to develop strategies to be understood consistently by others, to access education as readily as possible and to utilise therapeutic resources to promote the best possible outcomes for students.

You will work with students across all pathways, enabling and empowering them to prepare for fulfilling busy lives as young adults. Along the way, there will be fun, memories to make and a significant journey of ups and downs. As they graduate our young people demonstrate the progress they have made through their actions. And they have achieved this because they have been empowered by the staff who support them. Are you the next member of our amazing team?
